History

The Florida Legislature of 1957 authorized North Florida Junior College and five other community colleges in the state. The counties of Hamilton, Lafayette, Madison, Suwannee, and Taylor were proposed as an area with need for a community junior college. In the establishment of the college area, Jefferson County replaced Suwannee County, with Suwannee County becoming a participating county in 1974.

In March 1958, Dr. Marshall W. Hamilton was appointed president of the new institution, and temporary academic and administrative quarters were secured in Madison. In September the first NFJC classes were organized. Ground was broken in January 1959 for the first permanent buildings, the Library and the Science Building. Suwannee River Junior College was established in 1959, with Dr. James J. Gardner, founding president, serving until 1961. Mrs. Jenyethel Merritt served as president until Suwannee River Junior College merged with NFJC in 1966.

Dr. Stephen T. McMahon served as president from 1970-1978; Dr. Gary P. Sims, 1978-1984; and Dr. Robert W. Ramsay, 1984-1987. Dr. William H. McCoy assumed the presidency on Aug. 1, 1987. On April 17, 1988, a tornado damaged many campus buildings and destroyed the Van. H. Priest Auditorium and Hardee Chapel.

In July 1995, the District Board of Trustees changed the name of the College from North Florida Junior College to North Florida Community College in order to better define the purpose of the institution.

Dr. McCoy retired in 1995. On January 2, 1996, Dr. Beverly M. Grissom became president. Dr. Grissom retired in 2001. Morris G. Steen, Jr. was named president of NFCC on March 1, 2002; he served as interim president from July 2001 through February 2002 before being named NFCC's seventh president. In 2008 the college celebrated its 50th year anniversary. Steen retired in 2008. John Grosskopf was named the eighth president of NFCC on Jan. 20, 2009.

Campus Security

Campus Security at North Florida Community College provides a safe and secure environment for students, faculty, staff, and guests.

Campus Escort

Campus Security will provide escorts (by foot or vehicle), upon request, to and from campus buildings and parking lots for students and employees. If you want someone to walk with you or you need a ride around Campus, call Campus Security at 850-973-0280.

Campus Alerts

We now have the ability to send text messages to cell phones in order to notify NFCC students and employees in the event of a campus-wide emergency or closing due to inclement weather. Registering your phone takes only a few minutes, and you may register two devices as well as an alternate email address. This system will only be used for emergency messages at this time.

Firearms and Weapons Prohibitions

A safe and secure environment is a priority for fulfilling the mission of North Florida Community College. North Florida Community College is committed to maintaining a campus that is free of violence. This obligation includes eliminating recognized hazards from the campus community that contribute to violence or serious harm.

Economic Impact

- NORTH FLORIDA COMMUNITY COLLEGE

Business Perspective

NFCC Raises Consumer Spending

- NFCC employed 104 full-time and 55 part-time faculty and staff in the 2011-12 reporting year, with an annual payroll of \$6.5 million.
- In addition to payroll, NFCC spent \$5.8 million in FY 2011-12 for supplies and services, of which an estimated 41% was spent in the NFCC Service Area.

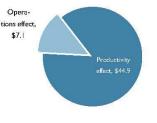

NFCC Generates New Income

- NFCC payroll and spending for supplies and services generate a net impact of \$7.1 million in added income in the economy each year.
- The increased productivity of workers due to the accumulation of past and present NFCC skills in the NFCC Service Area workforce contributes approximately \$44.9 million in added income each year.

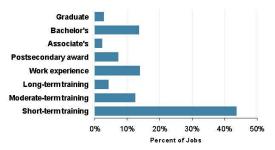

NFCC Creates a Skilled Workforce

- NFCC activities encourage new business, assist existing business, and create long-term economic growth. The college enhances worker skills and provides customized training to local business and industry.
- An estimated 514,200 NFCC credits have accumulated in the NFCC Service Area workforce over the past 29-year period as former NFCC students (completers and non-completers) enter the regional workforce each year.

Social Perspective

NFCC Increases State Income

- The activities of NFCC's 2011-12 student body will generate about \$3.8 million in labor income in the state economy each year.
- Once NFCC's current students become active in the workforce, they will promote business output, raise consumer spending, and increase property income in the state. All of this contributes an additional \$1.8 million in taxable income each year.
- Altogether, higher student income and associated effects on business productivity add \$5.6 million in income annually to the state economy.

NFCC Reduces Social Costs

 Education is statistically correlated with improved lifestyle behaviors, including reduced incidences of absenteeism, alcohol abuse, and smoking, lower probability of committing crime, and fewer welfare and unemployment claims.

- It is estimated that NFCC's 2011-12 student population will generate social savings to the Florida public equal to \$329,000 a year.
- These savings accrue to all state and local residents—students, homeowners, businesses, and taxpayers.

- Over the course of a working lifetime, associate's degree graduates in the NFCC Service Area earn \$340,200 more than someone with a high school diploma (undiscounted).

Education Is Your Ticket to a Better Job

Projected 2022 Jobs in NFCC Service Area by Skill Level

- By 2022 it is anticipated that there will be about 13,900 new and replacement jobs available in the NFCC Service Area.
- About 19% of these jobs will require an education level equal to an associate's degree or greater.
- Another 7% of available jobs in 2022 will require some kind of post-secondary certificate or vocational award.

Taxpayer Perspective

NFCC Leverages Taxpayer Dollars

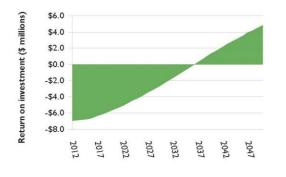

- An estimated 85% of NFCC students remain in Florida and contribute to economic growth. Students who enter the workforce expand the tax base by generating higher earnings and reducing social costs.
- Higher student earnings and associated increases in property income generate about \$627,300 in added tax revenue each year.
- State government will save approximately \$26,400 in avoided social costs each year, including savings associated with improved health, lower costs of law enforcement, and fewer welfare claimants.

NFCC Generates a Return on Public Investment

Long-term Return to State Taxpayers on their NFCC Investment

- State government allocated about \$7 million in support of NFCC in FY 2011-12.
- For every dollar appropriated by state government to NFCC, taxpayers will see a return with a cumulative added value of \$1.70 in the form of higher tax revenues and avoided social costs.
- State government will receive a rate of return of 5.7% on their investments in NFCC.
