Proposed language:

Policy Statement:

The Dean of Enrollment and Student Services is responsible to the President of the College for providing leadership, oversight, and strategic direction for all areas related to student services. This includes, but is not limited to, programs and services that support student access, engagement, development, and program progress. The Dean ensures that all student services functions align with the institution's mission, comply with applicable policies and regulations, and contribute to a positive, welcoming, and supportive campus environment aimed toward successful program completion.
